

VAGINAL/CERVICAL TAMPONS

How to get ready for the exam

The exam is held only after a direct reservation at the CUP desk.

The exam is performed on Monday mornings only (from 8.00 am to 9.30 am) at the Gynecology Ambulatory located on the first floor over the CUP desk.

The day of the sample collection, **please clean only the external genitalia** with some neutral soap.

The application of local medication (vaginal suppositories, pessaries, creams, sprays) or possible genital therapies must have been suspended for at least five days.

Attention!

The sample must not be collected during the menstrual period. Please refrain from sexual encounters in the 24 hours preceding the exam.

If you are unable to come to the exam, please communicate said impossibility through the appropriate telephone numbers 0373 280195.
